

Dear FCC:

I support the petition that has been assigned as RM-10352 by your office on January 8, 2002. I am a frequent user of the 160 meter band, who operates CW exclusively on that band as well as our other bands.

I believe that we should have a designated portion of the lower end of 160 meters that will be reserved for CW only, just as we have on the other bands assigned to amateur use.

Thank you, Glenn L. Roeser (WB2LMV)
